Brother, Sisters and Friends

It has been brought to the attention of the Executive board of CUPE 1623 that an unauthorized nationwide rally on September 1<sup>st</sup>, 2021, is scheduled to take place at Health Sciences North. A group identifying themselves as “Canadian Frontline Nurses” on Facebook are encouraging employees to a “worldwide walkout”.

CUPE Local 1623 and its affiliates do NOT condone, endorse, or support the actions of this movement. The executive discourages members from participating in this event. Any member of CUPE Local 1623 who chooses to participate will be held accountable should they abandon their responsibilities and walk out of work.

The Executive Board of Local 1623 thank each and everyone of its members for their tireless dedication in serving the people of Sudbury during these unprecedented times.

In Solidarity,
