CUPE 1623

Issue
#1

Bargaining Update

Your local negotiating committee has been working diligently to try and bargain a new collective agreement.

Unfortunately, we are at an impasse with employer.

We are fighting for a better work life and home life.

We need your help in bringing the employer back to the bargaining table.

The central bargaining team as well have been working hard to get us a new central bargaining agreement with no success.

Bill 124 is in our way, and we need to have this repealed.

Therefore please join us on **May 10th** between 11 am - 1 pm in front of Health Sciences North for a rally to put pressure on the Ford government.

If you are not able or comfortable wearing a lanyard we will be receiving

SUPPORT US TO RETURN TO BARGAINING

We are distributing these lanyards and asking you to wear it daily as sign of solidarity and support of your negotiating committee to bring the employer back to the bargaining table.

We need to return to bargaining and get a fair collective agreement that will give us a balanced work and home life, especially after working so

PLEASE WEAR
THIS
LANYARD TO
SUPPORT A
RETURN TO
THE
BARGAINING
TABLE!!!!
